DETAILED ACTION

1. This action is in response to the communication filed 10/15/2008.

Allowable Subject Matter

2. Claims 10-22 and 35-37, and 39-41 are allowed.

3. The following is an examiner's statement of reasons for allowance:

4. As to Claim 10,

5. The primary reason for the allowance of claim 10 is the inclusion of a shield disposed on and about the outer wall of the tubular and extending across the recess to cover the recess and the lateral resistivity sensor, and an insulating mechanism including a circumferential gap, the circumferential gap being located separately from the recess and extending continuously about the tubular to prevent electric current flow in the shield in a direction parallel to the longitudinal axis of the tubular near the lateral resistivity sensor. It is these features found in the claim, as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

6. As to Claim 35,

7. The primary reason for the allowance of claim 35 is the inclusion of positioning a shield assembly on and about the

Art Unit: 2862

outer wall of the tubular and extending across the recess to cover the recess and the lateral resistivity sensor, and extending a circumferential gap continuously about the tubular and separately from the recess, and electrically between the shield assembly and the tubular, thereby preventing electric current to flow along the shield in a direction parallel to the longitudinal axis of the tubular near the lateral resistivity sensor. It is these features found in the claim, as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
